

*We provide homeless New Yorkers with the services and assistance they need to become stable, develop their ability to live independently and move into permanent housing.*

---

## **Program Director**

Urban Pathways, Inc., a leader in providing continuum of care services to the homeless population is currently seeking a Program Director to join our team in **April 2012** to oversee our newly constructed 50-unit OMH licensed supportive housing residence in Astoria, Queens. The residence which is scheduled to open in **July 2012** will provide housing for formerly homeless adults recovering from mental illness.

Until the opening of the building the Program Director will be responsible for the development of the residence and the intake and screening process of the residents. Once the building opens the Program Director will be responsible for the daily administrative and clinical operations of the residence and ensuring the provision of quality care to tenants. The program director will also manage program services, improve existing services and develop new treatment components to meet the needs of the residents. In addition, the Program Director will interface with outside agencies for ongoing development of all aspects of programming and ensure that the facility meets regulatory agencies and complies with internal policies and procedures. Additionally, will also be responsible for supervision of all staff and staff development within the program.

**Qualification:** Master's Degree in Social Work, Psychology, or other related field required. Five years experience working with mentally ill/MICA adult population including supervisory and administrative experience. Experience working in an SRO or any residential program setting. Familiarity with OMH regulations and low-income tax credits highly preferred.

For consideration email resume to **hr@urbanpathways.org** or fax resume to: **212-736-1388**.
